Birmingham City Council

Our commitment to you…

Birmingham City Council believes the quality of the area in which you live is very important. We're committed to making our estates and neighbourhoods places where people are proud and happy to live.

To help us achieve this, we want to involve you and local housing staff in walkabouts and assessments of our estates and neighbourhoods.

About these service standards

This leaflet tells you what you can expect from us when you are using this service – our service standards. There are two types of service standards:

- Our general service standards. They cover the standards you can expect from all Birmingham City Council housing services, including this one.
- The service standards for the estate assessments and walkabouts service.

These service standards have been developed in consultation with customers. We will monitor our performance against these service standards and share the results with the users of this service. We will review the service standards annually.

General customer service standards

Our customer service standards are to:

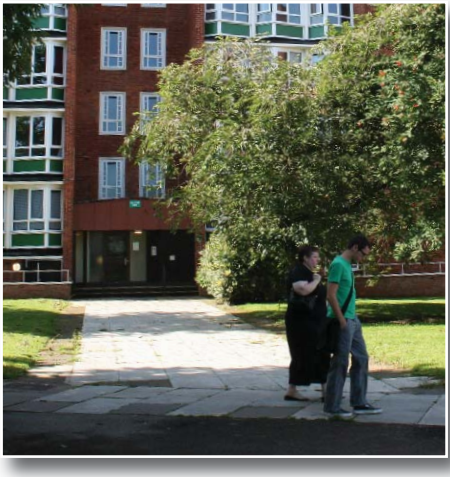
- Answer all phone calls within six rings. The person who answers the phone will give their name and service area.
- Deal with phone calls immediately or, where this is not possible, call you back within one working day or at an agreed time (if we transfer your call, we will tell the other member of staff your name and why you are calling).
- Reply to acknowledge your letters or emails within three working days, and reply to all letters or emails within 10 working days (if we need to follow with a more detailed reply, we will let you know when to expect it).
- Send forms or information leaflets you ask for within five working days.
- Provide you with clear and relevant advice and information in response to any query.
- Visit you in your own home if you cannot come to our offices.
- Leave a calling card when we visit you at home and you are not in.
- Staff will carry identity badges at all times. Please always ask to see identification before letting anyone into your home.

Accessing the housing service by calling or emailing your local housing team:

- We will offer you an appointment with a housing officer within 10 working days.

Accessing the housing service through a neighbourhood office:

- If you have an appointment you will be seen within five minutes of your appointment time.
- If you call in without an appointment you will be seen by a member of staff within 15 minutes who will assess the nature of your enquiry.
- If your enquiry can be dealt with there and then, we will deal with this at the time of your visit.
- If your enquiry means that you need to see one of our advisors we will offer you an appointment within 10 working days.



We will provide all of our service users with equal access to services. We will not discriminate against anyone because of their age, disability, gender, race, religion or sexual orientation.

We will:

- Treat you with respect and deliver our service in a way that meets your needs.
- Train all our staff in equality and diversity issues.
- Ensure that no one receives less favourable treatment than anyone else.
- Act quickly and firmly against any kind of discrimination.
- Make sure our offices are accessible.
- Provide induction loops and sign language facilities if you need them.
- Use written and spoken language that is clear and easy to understand.
- Provide you with written documents that are easy to read and offer them in large print, Braille or on audio CD if required.

- Arrange to translate documents or for an interpreter to explain written documents to you if you are a non-English speaker.
- Collect and monitor information about customer satisfaction and the profile of our service users and use this to improve our services.
- Assess the impact of our policies and services and make changes if they are found to be treating any group unfairly.
