

Are you considering  
your options?

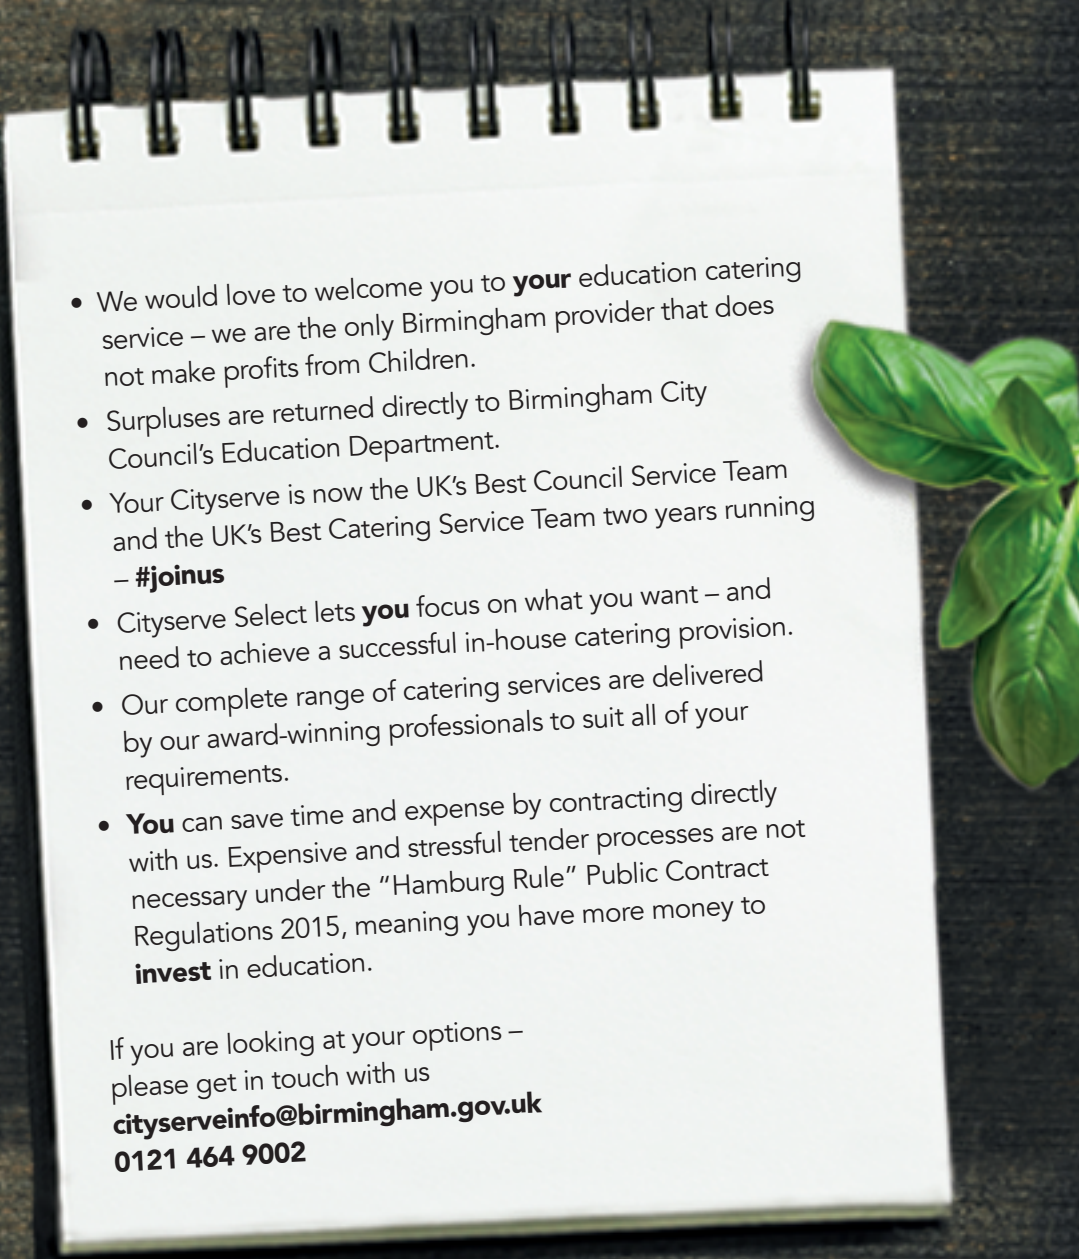

HERE'S SOME FOOD  
FOR THOUGHT -

A great city to live in

- 
- We would love to welcome you to **your** education catering service – we are the only Birmingham provider that does not make profits from Children.
  - Surpluses are returned directly to Birmingham City Council's Education Department.
  - Your Cityserve is now the UK's Best Council Service Team and the UK's Best Catering Service Team two years running – **#joinus**
  - Cityserve Select lets **you** focus on what you want – and need to achieve a successful in-house catering provision.
  - Our complete range of catering services are delivered by our award-winning professionals to suit all of your requirements.
  - **You** can save time and expense by contracting directly with us. Expensive and stressful tender processes are not necessary under the "Hamburg Rule" Public Contract Regulations 2015, meaning you have more money to **invest** in education.

If you are looking at your options –  
please get in touch with us
