

Safeguarding in Sport

Procedures, Responsibilities, and Reporting Structure

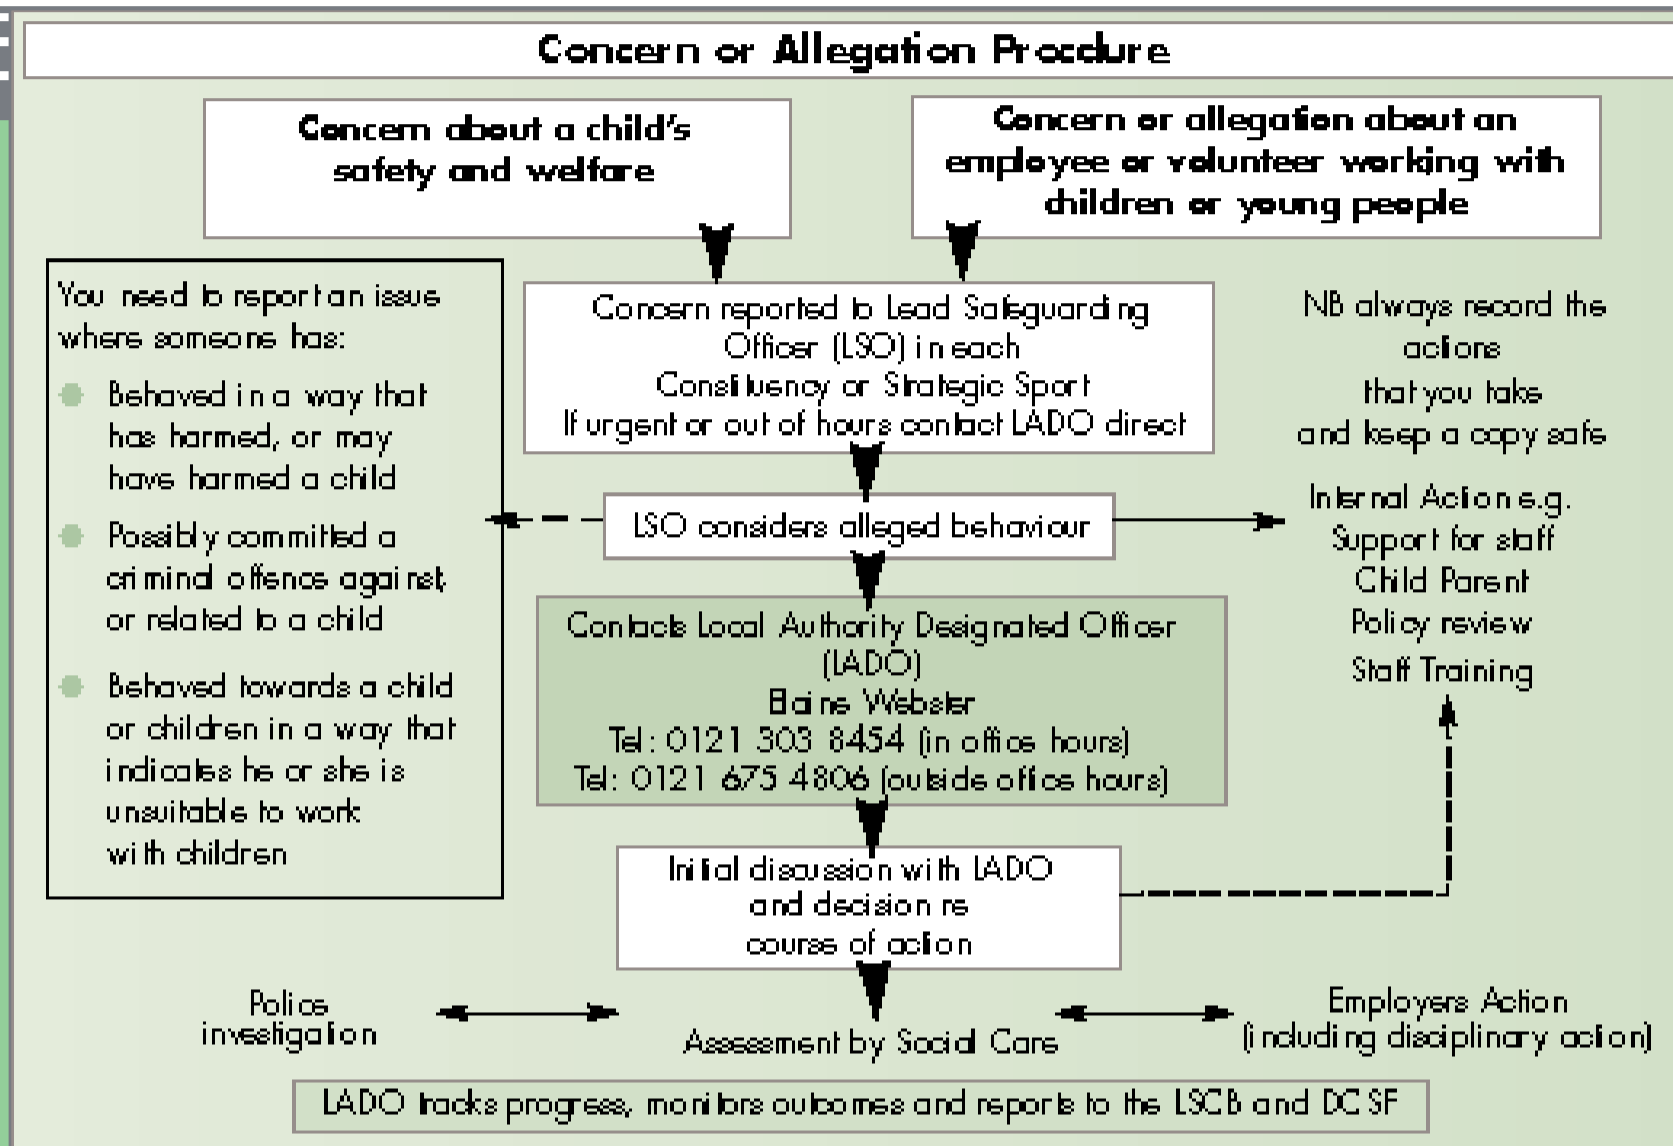

What to do if you suspect, see or have a child protection issue reported to you?

As a parent or member of a voluntary organisation like a sports club, if you have concerns regarding a child, please contact the office covering the area where the child lives (please see the list of contacts below).

You need to report an issue, when someone has:

- behaved in away that has harmed or may have harmed a child
- possibly committed a criminal offence against, or relating to a child
- behaved towards a child or children in a way that indicates he or she is unsuitable to work with children

Never report the issue direct to the person who may be involved in a child protection issue, or the child's parents or guardian, always consult the LSO or a senior manager.
