

Secondary Schools Programmes

To discuss the right programme for your school, just email richard.hart@enablingenterprise.org or call: 07549 946 111

Start building skills with a membership

Becoming a Member School allows you to benefit from the Skills Builder Framework and simple activities to build your students essential skills.

£500 per school
with some fully-funded opportunities available

Training and support

Our outstanding qualified teachers help staff build confidence teaching essential skills and supporting progress. *(Two sessions annually)*

Classroom resources

A set of short video-based activities and a wide range of resources to help learners build their essential skills, including posters and certificates.

Assessment tool

Our easy-to-use web tool helps teaching staff assess effectively and view data clearly. We also have self- and peer-assessment tools.

... then join the partnership for further support

Becoming a Partner School means getting access to our complete range of opportunities and resources, working closely with our team of teachers to develop a comprehensive approach to building skills.

Further training and support

Our team can offer additional training and will work closely with you to integrate skills education into your curriculum.

+ £420
per session

Challenge Days

Challenge Days provide an engaging way for larger groups of students to collaborate and use essential skills in a real-life context.

+ £750
for one year
group or
two

Trips to Employers

Trips link skills built in class to the working world as students work with employer volunteers and get a flavour of the industry.

+ £10
per place,
min. 20
students
