Hi Hayley

I have been asked to clarify a couple of points please:

- Are comments only able to be provided on the proposed mods? ie can the absence of a proposed mod be raised?
- If objections were raised previously and no changes have been proposed, does the original objection carry forward or does the respondent have to reply again?
- If no objection was previously raised to a proposed charge, and is not subject of any proposed mod, are people able to object to that charge now and request to appear?

Thanking you in advance for your assistance.

Regards
