Safe Space Group – an independent Home Office funded Intervention Provider – in partnership with Birmingham Education Resilience Team, Prevent and Channel, invite you to a desktop exercise simulation based around the Vulnerability Risk for Birmingham Schools.

The half-day event will be based around a simulated multi agency Channel Panel exercise – as frontline statutory providers you will be asked to adopt the role of Channel Panel members, and provided with a real life case study of a young person at risk of radicalisation. You will then be guided to make an assessment of risk based on the Vulnerability Assessment Matrix– which is the same process that is undertaken in a live situation. You will then be asked to rate the risk and to work through the exact process that is undertaken regularly by Birmingham local authority when undertaking vulnerability assessments.

Thursday 10th October 2019 1300hrs-1600hrs @ Eden Boys School, B42 2SY.

This is a free session based on a first come first serve priority.
