Birmingham*

**Let's talk
Credit
Unions**

www.birmingham.gov.uk/financialinclusion

What is a Credit Union ?

Credit Unions are essentially not-for-profit financial co-operatives which are 'owned' by the members who borrow and save with the credit union. Credit Unions are run by the people who use it and you will find that they are far more accessible and flexible than a conventional high street lender. To find out more information on how a Credit Union can help you with;

- Low cost affordable lending**
- Saver accounts**
- Debt management / bill payment**
- Pre-paid debit card accounts**
