How to use this Representation Form

Please complete this Part A in full. Please note that anonymous comments cannot be accepted. Then please complete a Part B form for each representation that you wish to make.

The Development Management in Birmingham DPD (DMB), including all supporting and accompanying documentation, is available to view in full online at www.birmingham.gov.uk/DMB

Representations on the Publication version of DMB can be made from **Thursday 9th January 2020 to 17:00hrs on Friday 21st February 2020**. Please note that the Council is unable to accept representations after this point.

The Council strongly recommends the use of this Representation Form for submitting any comments. This will help to ensure that any formal representations that are made are matters of relevance to the subsequent examination by the Planning Inspectorate – an Inspector will only consider issues relating to the ‘soundness’ or ‘legal compliance’ of the DMB at examination.

<p>I have been a tenant in rented social housing for almost all of the past 30 years. The opportunity has now come up for me to buy my council house through Right to Buy. However, I live on one of the roads in the current Article 4 area of Selly Oak. On the one hand the cost of my small 3 bedroom house is very high even with the RTB discount due to where it is ie as many properties are refurbished to make them into HMOs but on the other hand Article 4 will come into effect on 8th June leaving me not knowing whether I will be able to convert my house to HMO. This I believe will devalue my property. I feel this is unfair as I'm not a property investor with many HMOs but a simple resident not knowing what to do now. The case against HMOs as outlined in a number of places in the DM11 document eg high amounts of litter, high incidence of crime and anti social behavior and parking problems – none of these apply to Dale Road. I have lived here for over a year and have observed none of the above mentioned issues. There is a mix of family homes and student HMOs and a hall of residence. I only got to know of Article 4 very recently and the deadline to submit this form yesterday! Does it mean that come 8th June, should I put in an application to convert my property into a HMO, it will be at BCC's discretion? Or am I likely to be rejected outright? I need to know this information now as it will be a factor in whether I go ahead with the RTB or not. I don't recall any letters coming through my letter box this past year from BCC informing me of Article 4- you would have thought this was very pertinent to residents on Dale Road.</p>	
Q7. What changes do you consider are necessary in order to make the DMB legally compliant, or sound?	
<i>Please note: it would be helpful if you could suggest revised wording for any policy or text, being as precise as possible.</i>	
<i>Enter your reply here</i>	
Q8. If your representation is seeking a modification, do you wish to participate at the oral examination (i.e. in person at the hearing sessions rather than via written representations)?	
<i>If you answered yes to Q7, please outline why you consider this to be necessary. Please note that the Planning Inspector will determine the most appropriate procedure to adopt in order to hear those who have indicated they wish to participate in person</i>	
<i>Enter your reply here</i>	

Q9. Are there any additional comments you would like to make with regard to the DMB?
