

## Neighbourhoods Directorate

18th June 2021

Dear User,

### **Notification of Temporary closure of Stadium Way, Alexander Stadium, Perry Barr, Birmingham B42 2LR**

We trust that you share our excitement over the great progress that is being made in transforming the Alexander Stadium into a great venue for sports and leisure, a great place to visit and a great place to work.

To protect future capacity on the site, we need to upgrade the utilities within the footpath and verge along Stadium Way. This work is scheduled for a period of 4 weeks, commencing on 5th July 2021.

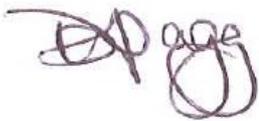

Works will involve trenching and parking vehicles on the carriageway along Stadium Way, so in the interests of maintaining safe access and egress for users of the GMAC and HPC, as well as users of the East Stand who are temporarily using the HPC car park, we will be providing an alternative route for vehicles in and out of the HPC car park for this 4-week period.

This route will use the road into Perry Park off Church Road, turning left along the road that leads between the stadium and allotments. In addition to directional signage, traffic marshals will be located at the entrances / exits and junctions to make sure that private cars, deliveries, construction traffic and emergency vehicles are managed and co-ordinated throughout the 4 -week period.

Please find below a diagram illustrating the temporary arrangements.

We greatly appreciate your support as we continue to transform the stadium. Should you have any queries or concerns, we will provide contact details for our existing communications and stakeholder engagement team, who continue to work closely with our on-site venue management team. This same team will provide regular information and updates as works continue to provide new facilities and upgrade existing facilities across the site.

Yours sincerely,

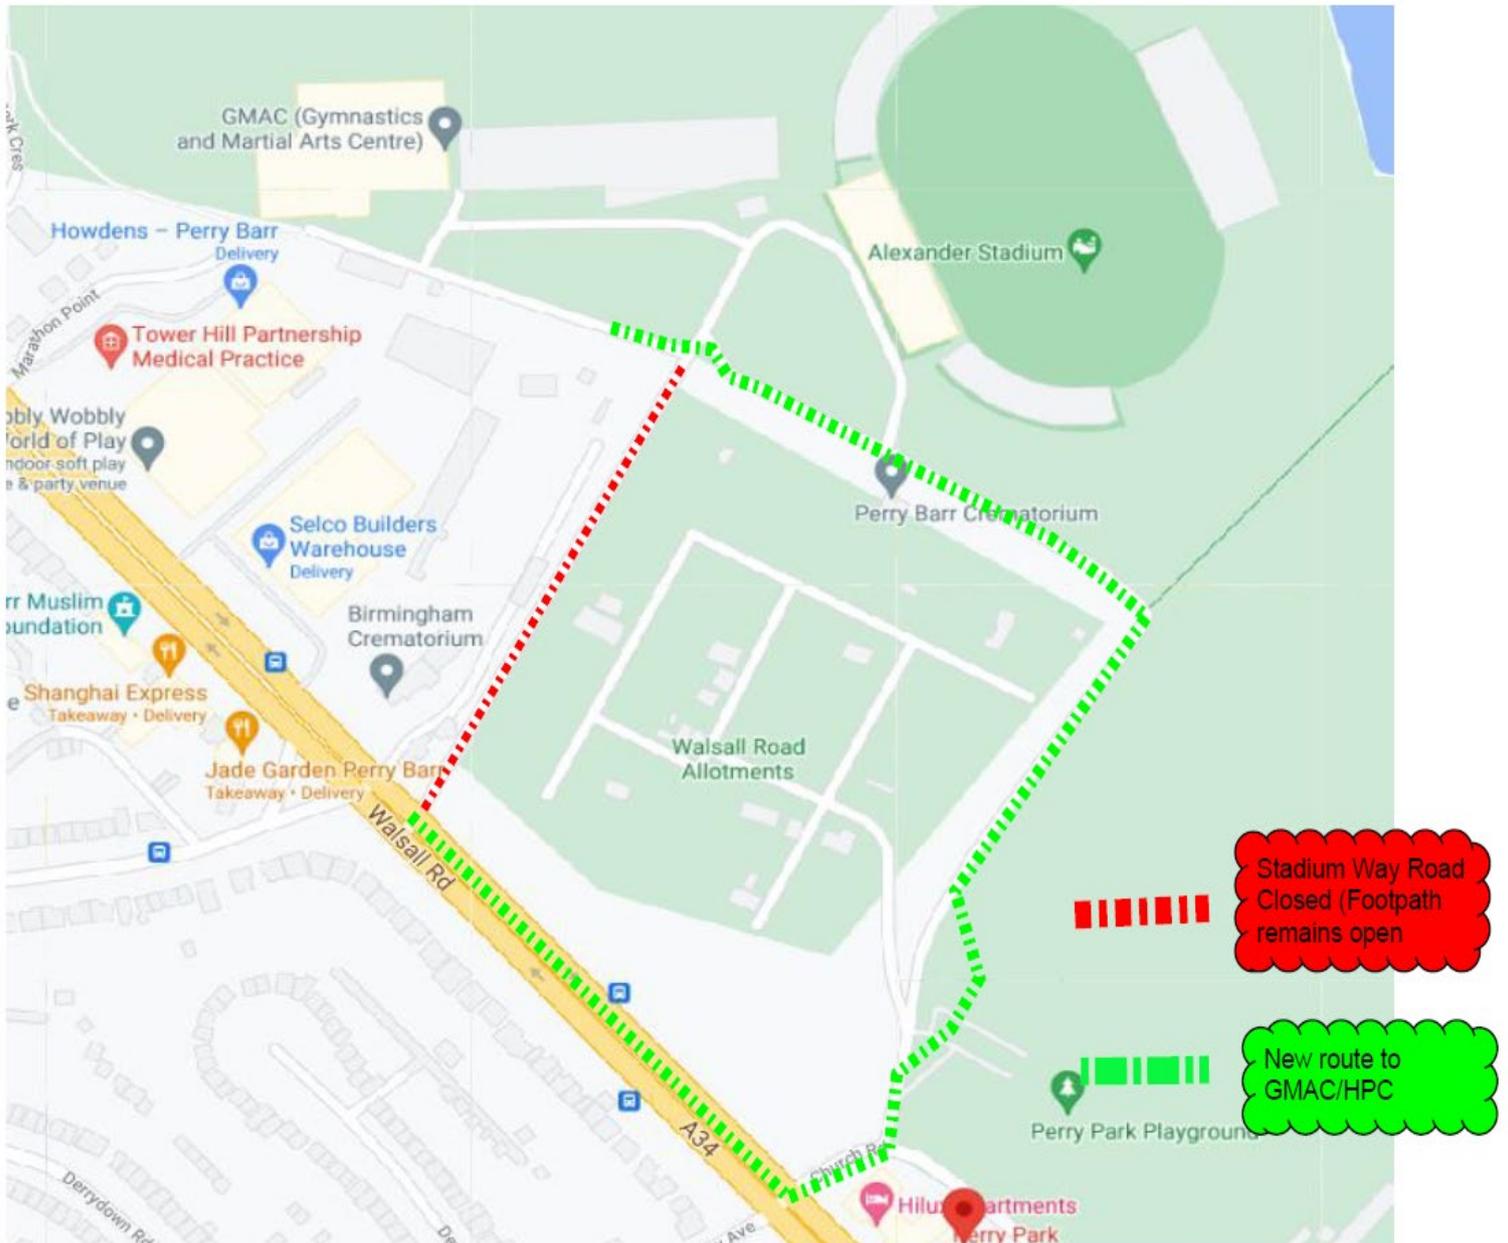

Dave Wagg  
Head of Sport & Physical Activity  
Alexander Stadium Redevelopment  
Birmingham 2022 Commonwealth Games
