Dear Alice,

**Habitat Regulation Assessment Screening Opinion - 3Bs Neighbourhood Plan**

Thank you for your consultation on the above dated 14<sup>th</sup> July 2021.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Natural England is a statutory consultee in neighbourhood planning and must be consulted on draft neighbourhood development plans by the Parish/Town Councils or Neighbourhood Forums where they consider our interests would be affected by the proposals made.

**Habitats Regulations Assessment**

Where a neighbourhood plan could potentially affect a '[habitats site](#)', it will be necessary to screen the plan in relation to the Conservation of Habitats and Species Regulations (2017), as amended (the 'Habitats Regulations'). Where likely significant effects are identified, it will be necessary to undertake an appropriate assessment of the neighbourhood plan and, if needed, identify and secure appropriate mitigation measures to ensure the plan does not result in an adverse effect on the integrity of the habitats site.

**In accordance with Schedule 2 of The Neighbourhood Planning (General) Regulations 2012 (as amended), a neighbourhood plan cannot be made if it breaches the requirements of Chapter 8 of Part 6 of the Conservation of Habitats and Species Regulations 2017 (as amended).**

A screening exercise should be undertaken if there is any doubt about the possible effects of the plan on the habitats site(s). This will be particularly important if a neighbourhood plan is to progress **before** a local plan and/or the neighbourhood plan proposes development which has not been assessed and/or included in the Habitats Regulations Assessment for the local plan. Where mitigation is necessary to ensure no effects then this will need to be properly assessed via an appropriate assessment.

**HRA Screening Opinion**

Natural England welcomes the consideration given to the Habitats Regulations. We agree with the findings of the report as follows: 'the conclusion of the HRA Screening Process is that none of the proposed policies within the draft 3Bs Neighbourhood Plan have potential to lead to a Likely Significant Effect on a European Site'. Therefore we advise that further Habitats Regulations Assessment is not required.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any new consultations, or to provide further information on this consultation please send your correspondences to [consultations@naturalengland.org.uk](mailto:consultations@naturalengland.org.uk).

Yours sincerely

Rob Sargent
