PATHFINDER 953 (SO 87/97)

BAP 315

Statement of Evidence for Path Claim BAP 315

- 1 The path is first recorded, and labelled "Foot Road", on the map with the Kings Norton (Rednall Yield) Tithe Apportionment 1840. (Held by the City Council in the Central Reference Library.)
- 2 The path is shown, and labelled 'FP', on the first edition of the Ordnance Survey six inch map (1880's).
- 3 The north-east part (in Frankley parish, Worcestershire) is recorded on the Ordnance Survey Pathfinder map, sheet 153 (1991) as a public footpath, the information having been taken from the Worcestershire Definitive Map.
- 4 The southern section (south of the disused railway) is a well maintained walkway called 'Caldy Walk'.
- 5 The path is recorded on the (undated) City Council map of public rights of way.
- 6 A site visit shows that the north-east part cannot now be found, although no Extinguishment or Diversion Order has been found.
- 7 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
