

Birmingham Health and Wellbeing Board (HWB)

Pharmaceutical Needs Assessment (PNA):

Supplementary Statement Update:

November 2024

PNA 2022-25 Supplementary statement no.	2
Date authorised by Birmingham Health and Wellbeing Board	30/01/2025
Date supplementary statement published	

Birmingham Health and Wellbeing Board (HWB) pharmaceutical needs assessment (PNA)

Birmingham HWB is responsible for developing a PNA for the city as a result of the Health and Social Care Act 2012. PNAs are a statutory requirement and must be updated at least every three years. The PNA is a report on the present needs for pharmaceutical services. It is used to identify any gaps in current services or improvements that could be made in future pharmaceutical service provision.

The PNA will be used by NHS England, local authorities (Birmingham and Solihull), and the Birmingham and Solihull Integrated Care System. The PNA will be used to make decisions when applications for new pharmacies are received and for the commissioning of other services that could be delivered by community pharmacies and other providers.

Birmingham Health and Wellbeing Board Supplementary Statement:

The HWB Board has a statutory responsibility to publish and keep up-to-date the PNA for the population in its area through supplementary statements. The Regulations stipulate that supplementary statements are a way of updating what the PNA says about the availability of pharmaceutical services and once issued becomes part of the PNA. Supplementary statements cannot provide updates on pharmaceutical needs which is done every three years through a review of the PNA.

Summary

This Supplementary Statement updates the PNA for Birmingham HWB summarised into four categories:

Opening or closing of pharmaceutical premises

There have been **3** pharmacy closures.

There has been **1** new pharmacy opening.
