Statement of Evidence for Path Claim BAP 260

- 1 The path is first shown, and labelled, on the map with the Kings Norton Tithe Apportionment (Moundsley Yield) of 1840. (A copy is held by the City Council in the Central Reference Library.)
- 2 It is also shown, and labelled 'FP', on the first edition of the Ordnance Survey six inch map (1880's).
- 3 It is recorded on the deposited plans for the then proposed Worcester and Birmingham Canal 1865, the Book of Reference describing it as "Foot Path" in parcel 15 in Kings Norton parish, which is otherwise described as being occupied by the canal feeder. (Copy held by the Warwickshire County Record Office under reference QS111/278.)
- 4 The path is shown on the Ordnance Survey Pathfinder map (sheet 854) of 1988.
- 5 The path has a wooden 'kissing gate' at one point and a cycle barrier at another and has clear signs of regular use by walkers.
- 6 The path is recorded on the (undated) City Council map of public rights of way.
- 7 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
