

EIA001086 Refurbishment of Islington Foot Bridge, Fleet Street

About your EIA

Reference Number:	EIA001086
Subject of EIA:	Refurbishment of Islington Foot Bridge, Fleet Street
Description:	This project is to support a health and safety situation and requires urgent action to the footbridge which is closed down as severe rotting to the timber deck and timber sub rails makes the footway dangerous. The proposed works following a feasibility study including a Defects and Corrosion survey include; removal and replacement of all existing timber decking with composite decking, removal and replacement of timber runner plates and joists as per report, cleaning of all steel work prior to application of any coatings, repairs to corroded areas and restoration of protection, replacement of fixings and washers, replacement of timber balustrades and mechanical and electrical works to replace lighting. Following the feasibility study it has been established there are no negative implications with regard to the 9 protected characteristics. Therefore a full EIA is not required as all H&S impacts will have been addressed.
