Daily Operational Sit Rep

**8:30am morning update:**

1. Morning deployment from depots:

**Atlas and support depots:** 38 vehicles deployed from Atlas and alternative depots; this includes 4 Trade vehicle. 11 Coventry crews deployed.

There is no official picket at the depot this morning however there were approximately 30 protestors at the Kings Road entrance to the depot.

In addition to these protesters, there were approximately 8 activists wearing face masks at the crossroad junction of Redfern Road, Kings Road and Rushey Lane blockading the refuse vehicles from proceeding. The protesters dispersed at 8:00am. Whilst Police were onsite, we are still awaiting a debrief in regard to how the situation was handled. From viewing the vehicle footage, it would appear that the Police instructed BCC vehicles to move off the highway and not block oncoming traffic, however they continued to allow the protesters to maintain their blockade. BCC are keen to meet with WMP so they can ensure a fair and transparent approach to Policing was shown to both sides.

**Smithfield:** 32 vehicles deployed and 3 crews from Coventry.

There are no pickets or protestors at Smithfield Depot. There is 1 official picket at Lifford Lane depot this morning, although none of them were wearing hi-vis. There are approximately 30 individuals behind the fenced off areas outside of Lifford Lane Depot. This information is based on manager's morning observations and can be subject to change throughout the day.

**Perry Barr:** 23 vehicles deployed. 10 contractor crews from Coventry.

There is no official picket at the depot this morning. There are approximately 30 protestors at Perry Barr Depot behind the fenced off area. There are no other individuals present at the depot this morning outside of official picket/fenced off area. This information is based on manager's morning observations and can be subject to change throughout the day.

This morning, our comrades joined other independent activists to block bin wagons in support of the striking bin workers. Due to Labour's use of Tory anti-trade union laws, the Unite members are unable to picket effectively themselves. That's why independent activists have taken matters into their own hands.

Join us in supporting the bin workers **\*this Saturday\*** at 9.30 outside the Unite building on Jennings Road, B7 4EH. We'll be marching to the council house to show John Cotton and the Labour council that Birmingham residents back the bin workers!

Unite are providing coaches from London, Leicester, Manchester, and Sheffield.

Yesterday, Birmingham Socialist Party, Socialist Students, and other community activists conducted independent direct action to block bin wagons in support of the striking workers. Our Labour council under a Labour government are using Tory anti-trade union laws to prevent the striking workers from effectively picketing themselves - that's why activists have taken action into their own hands.

The betrayal of the Labour government against the working class shows the urgent need for independent working class political representation. That's why we in the Socialist Party support Your Party. However, so far, Your Party is not meeting it's full potential. We need Your Party to be a fighting working class organisation. That means being rooted in the trade unions, allowing for affiliation and collective representation.

If you agree, join the Socialist Party to be part of the force fighting for that to happen!

Help send a message to Birmingham City Council that Birmingham residents support the striking bin workers. Join striking workers, Socialist Party members, and other activists at the Smithfield depot in Digbeth (Pershore/Sherlock Street, B5 6HX). THIS Monday (Dec 1st) from 8:30am. And get in touch to hear how you can help support the strike.

More pictures from the direct action on Tuesday in which community activists protested in front of the big wagons in support of the striking bin workers.

Bin workers in Birmingham have been on all-out strike since March, fighting the council's proposed deletion of the critical health and safety role, forcing workers in the role to take a wage cut of up to £8000 a year.

Meanwhile, the commissioners introduced by the Tories to help the council implement cuts are making over £1000 a day. Kier Starmer could have kicked these commissioners out on day one as Prime Minister but chose not to.

Now, even the agency staff who were being used to undermine the strike have voted to go on strike due to bullying and harassment. The agency staff's strike officially begins this Monday (Dec 1st).

Join Socialist Party members, trade unionists, and other Birmingham residents in showing solidarity with all striking bin workers.

Join the rally:

Smithfield Depot in Digbeth (Pershore/Sherlock Street, B5 6HX).

THIS Monday (Dec 1st)

From 8:30am.

From there we'll be marching to the Council House to
