Standard directions for remote hearings by video or telephone conference in the Business and Property Courts- Birmingham

Introduction

1. These directions apply where incorporated into the directions for holding any hearing by remote means, save to the extent inconsistent with any directions specifically made for that hearing.
2. It is important that parties take all steps necessary to cooperate with each other to comply with these directions and otherwise as required to ensure that the hearing can proceed efficiently as scheduled.
3. The remote hearing will be conducted in the same manner as an in-person hearing, with all normal formalities and conventions, save that legal representatives are not required to robe. Participants should as far as possible avoid interrupting or over-speaking, which is apt to cause confusion.
4. The court will record the hearing. As with any hearing in court, no other party should record the hearing, as this would constitute contempt of court and may be a criminal offence.

Arrangements for a video hearing

5. The platform for the hearing will be Cloud Video Platform (CVP).
6. You need to tell the court immediately if there is any reason why you cannot join or take part in a video hearing, such as not having access to a computer or smart phone, or to the internet or not having sufficient Wi-Fi or data.
7. You also need to tell the court immediately if you have a disability and need help to join or take part in the hearing, or if there are any other special arrangements you need to take part in the hearing.
8. For the purposes of a video hearing, you will need upload/download speeds of at least 500kbps/1Mbps. It's advisable to use a reliable network speed checker. You can find one on Google by searching 'Speed Test.'

CVP Hearings

9. Instructions for joining a CVP hearing, including testing procedures and required downloads for use with mobile phones or tablets, can be found at www.gov.uk/government/publications/how-to-join-a-cloud-video-platform-cvp-hearing/how-to-join-cloud-video-platform-cvp-for-a-video-hearing
10. If you need technical support, call the helpdesk on 0330 808 9405 open Monday to Friday from 9am to 5pm. The helpline cannot answer any questions about your court or tribunal hearing.

Contact details for video hearings

11. The court will need to send you by email the log-in details or meeting invitation. In order that it can do so:
- a. All parties must liaise and the Claimant or Applicant must, not later than 7 days before the hearing, file at court a Remote Hearing Attendance Form using the specimen attached to these directions. The completed form must be sent to BPC.Birmingham@Justice.gov.uk (whether or not also lodged on cefile). Do not copy the email to any other court email address.
 - b. For VHS and CVP hearings, the court requires the email addresses for all participants as the invitations cannot be forwarded.
 - c. The form should state the email and telephone contact details for the participants for all parties. If the details for any participant needs to be kept confidential from other parties, the party concerned may email that person's contact details direct to the court, using the above email address.
 - d. For Teams hearings only, the attendance sheet must specify ONE lead participant email address on behalf of each party. The court will send the joining instructions to that address, and parties must arrange to forward them to all other participants.
 - e. Parties are requested to keep the number of participants to the minimum necessary to conduct the hearing.
12. If any party has not received the invitation by 4pm on the preceding day, they should contact BPC.Birmingham@Justice.gov.uk urgently.

Conduct of a video hearing

13. All participants other than the judge should join the meeting at least 5 minutes before the expected starting time of the hearing. For VHS hearings, the participants should sign in 30 minutes before the expected start time of the hearing to enable the clerk or VHS officer to carry out pre-hearing checks which include a one-to-one video check with each participant. The judge will be informed if any participant is late signing-in such that it jeopardises the commencement time of the hearing.
14. Non-speaking participants must mute their microphones and, if requested by the Judge, turn off their cameras.

Bundles

15. Unless otherwise ordered, the parties must liaise and lodge the following JOINT documents, not later than 7 days before the hearing:
- a. An Index to a joint electronic bundle of documents for the hearing;
 - b. An electronic bundle, and if ordered, a hard copy bundle; and
 - c. An Index to a joint bundle of authorities.

The Indices must be Word documents in the form of the specimens attached to these directions.

16. Electronic bundles should be prepared as PDF files, formatted and indexed in accordance with the [guidance issued by the Senior Presiding Judge](#)¹. Skeletons and the index should be provided as separate documents, even if also included in the combined bundle.
17. When sending bundles to the court:
 - a. If the case is on cefile, bundles should be uploaded to cefile where possible. NB there is a size limit of 50MB, so very large bundles may have to be split or made available from a download service (see below).
 - b. Where cefile cannot be used, bundles may be sent by email to the BPC address (below). NB the size limit for attachments is 35MB. Bundles may be sent as a zipped file to reduce the size. The covering email must include in the subject line "Case No []. [Documents] Bundle for hearing on [date] at [time] before [judge]."
 - c. Alternatively, bundles may be stored on a download site and a link (and password if required) sent by email in good time for the judge to obtain access.
18. Generally, bundles should comply with the relevant court guidelines as to content and organisation into sections. In particular, the bundle and index of documents should include any case summary, chronology and dramatis personae.
19. In order to manage the size of electronic bundles however:
 - d. Only those documents essential to the conduct of the hearing should be included. For short/single issue applications, the parties should aim for no more than 50 pages. For more substantive hearings (such as PTRs and CCMCs), the parties should aim for no more than 150 pages.
 - e. **Authorities** available on public websites (such as legislation or cases reported on BAILII) should not be copied into the authorities bundle; instead the Index should include a hyperlink. Authorities not so available may be included in the bundle but if lengthy they should be edited to include only the relevant sections.
20. If, despite liaison, parties are unable to agree on the content of either bundle, all documents (or sections) sought by any party should be included (if necessary in an appropriately marked section) rather than filing separate bundles or indices.
21. Please be aware that the court may make a specific direction for a hard copy only bundle or for both hard copy and electronic bundles

Court Email Address

22. Any documents relating to the hearing sent to the court by email (other than attendance forms which must be sent to the address above) should be sent either to the Birmingham BPC address (BPC.Birmingham@Justice.gov.uk) or to the address of

¹ <https://www.judiciary.uk/announcements/general-guidance-on-electronic-court-bundles/>

the relevant judge's clerk (if known). In either case the subject line must include the case number and name, and the relevant hearing date.

Dear Euan,

I have passed your email to my colleague, whose knowledge of CVP is far superior to mine. She has informed me that the pin won't work until a clerk goes into the back room and changes it so, parties shouldn't try to join the hearing until 10/15 minutes before it starts.

The link itself is correct. However, when it's accessed via the hearing notice it oddly directs you to a different room. For some reason, the link of the hearing notice takes you to room 1435, and not 1361. The clerk has just been into the CVP room to check whether the guest pin works and has confirmed it does.

Is it possible for you to publish the updated link and pin onto the website?

10. What information will you be relying on, in support of your application?

- the attached witness statement
- the statement of case
- the evidence set out in the box below

If necessary, please continue on a separate sheet.

1. These proceedings were issued in February 2026 under Part 7. Particulars of Claim were served on 23 February 2026. No Defence to the Claimant's claim has been submitted.

2. On 13 February 2026, the Claimant applied for an interim injunction to restrain the Defendants from carrying out protesting activity which involved blocking the free passage of the Claimant's waste collection vehicles as they sought to exit from the Claimant's premises and as they sought to proceed with waste collection within the City of Birmingham. At that hearing, there was no or no substantive challenge made by any Defendant to the evidence of protesting activity presented by the Claimant.

3. In a Judgment handed down following the Claimant's injunction application, and dated 20 February 2026, Mr Justice Pepperall observed (at paragraph 80) that the Part 7 procedure appeared to be inappropriate in this case but also noted that no application was before him for the matter to proceed under Part 8 and that he had not heard argument on the point.

4. On 23 March 2026, the Claimant was given permission to amend its Claim Form in order to show that it was seeking an injunction until 1 January 2028.

5. On 30 April 2026, the Claimant applied for an extension of its interim injunction. It was however, not possible for the application to be heard. The Court however issued directions under which the parties were to consider whether the Court should order that the claim should now proceed under Part 8, or in the alternative should propose case management directions for a speedy trial of this claim.

6. Given that the Claimant now seeks an injunction until 1 January 2028, it does not appear to be appropriate to seek directions for a speedy trial.

7. The Claimant therefore applies for an order that the claim should now proceed under Part 8. It does not appear to be the case that the facts on which it relies will be in dispute and the principal issue for the Court will be whether to grant an injunction to 1 January 2028, represents a proportionate interference with the Defendant's convention rights under Articles 10 and 11 ECHR.

11. Do you believe you, or a witness who will give evidence on your behalf, are vulnerable in any way which the court needs to consider?

Yes. Please explain in what way you or the witness are vulnerable and what steps, support or adjustments you wish the court and the judge to consider.

No

Hi All

Sorry to message again, we now have a new court hearing for Monday (18th May) and we need to get notices up by midday today to advertise this and comply with the court order.

Attached is the notice and the court order. Both need to be put up please (in a clear plastic wallet on the gate is fine).

Please could you remove the notice which advertised the hearing date in April and replace with these two documents.

Please could you email me as soon as the notices have gone up (and before midday) with a picture of them in place.

Once we have the outcome of the hearing on Monday we will look at how we can consolidate the number of notices that we are advertising to reduce the amount.

Kind Regards

Hi All

Sorry for another email, we are getting ready for the hearing on Monday and I have to submit a further statement at 1pm tomorrow showing what we have done to make sure all persons unknown are aware of the hearing taking place tomorrow.

Are you able to send me over your weekly notice logs for last week (w/c 3rd May) and this week (w/c 10th May) by 11am tomorrow please? I know that tomorrow will only have the morning check on it, that is fine.

Many thanks

WITNESS STATEMENT

I, Saab Samra, process server of Tremark Associates Limited, instructed for service by DLA Piper UK LLP, make this Witness Statement and WILL SAY as follows: -

1. I attended at the below addresses on 15 May 2026.
2. I attended at Perry Barr Depot (Holford Drive) Perry Barr, Birmingham, West Midlands, B42 2TU at 05.56 and served 25 notices by placing them on the coffee table in the presence of approx. 4-5 persons unknown.
3. I attended at Smithfields Depot, (Sherlock Street), Birmingham, West Midlands, B5 6HX at 06.12 and affixed 20 notices in a clear plastic sleeve to railings on site.
4. I attended at Atlas Depot, (70-172 Kings Road), Tyseley, Birmingham, B11 2AS (Redfurn Road) at 06.27 and proceeded to place 50 notices on the ground, in the presence of approx. 45+ persons unknown. I was called a Mongole.
5. I attended at Lifford Lane Depot, (Ebury Road), Kings Norton, Birmingham, West Midlands, B30 3JJ at 06.50 and proceeded to place 50 notices on the ground, in the presence of 35+ persons unknown. Twice the documents were placed back in my car. The individuals are getting more aggressive each time and today there were two persons attending to my car, while I was serving the notices some 50 yards away. It is possible they were trying to place a tracker on my vehicle. I have checked but cannot find evidence of one at this stage.

6. A true copy of the Notice so served by me is now produced to me and marked exhibit 'A'.

Statement of Truth
