

REGULATION AND ENFORCEMENT

CUSTOMER CARE CHARTER

January 2015

Mission Statement

“Fair Regulation for All -

achieving a safe, healthy, clean, green and fair trading city for residents, business and visitors”

Introduction – Our commitment to you

We want you to receive efficient and effective services from us, from the moment you realise that you need our assistance (or we make contact with you) to the time that your dealings with us are concluded.

Regulation and Enforcement deliver the Trading Standards, Environmental Health, Licensing and Register Office services for Birmingham City Council. Our Director, Jacqui Kennedy, (telephone number 0121 303 6121) believes that a number of factors help to make us a customer focused organisation that delivers our services to our customers efficiently, effectively and courteously. We set standards for these factors.

This Charter sets out our commitments to you so that you can judge us on our promises. We have tried to make our Charter clear and easy to read but because it is a formal commitment from us to you, we will use some technical terms.

Copies of our Charter are available at public reception offices, from our website at www.birmingham.gov.uk, or by contacting any of the useful contacts at the end of the Charter. The Charter runs in parallel with our Enforcement Policy which details how we deal with breaches of legislation that we enforce – this too can be found on the website.

We will review our Charter from time to time in consultation with our customers.

When dealing with Regulation and Enforcement you should expect to receive the following:

- Methods of accessing our services that are convenient for you
- Welcoming and efficient staff to deal with your initial enquiry
- Comfortable reception facilities
- A professional service from trained, competent officers
- The best outcome for your particular issue
- A fair outcome when things go wrong

This Charter sets out:

- Our standards
- How we measure our performance against the standards and then publish the results
- How we will deal with you and make amends when things go wrong
- How you can contact us

As part of our approach to striving to continually improve our services we may ask you to take part in one of our customer service surveys. We value your views whether you have had a good experience of our services or not. It is important for us to find out what is important to you and how you feel about the services we offer. We review these surveys along with performance information that we gather ourselves and this helps us to improve our services. If you have been a customer of our service and would like to complete a questionnaire please telephone 0121 675 4116 and a form will be sent to you to complete.

Our Staff

We appreciate that our staff are key to your experience of our services and have the opportunity to make a very positive difference. You should expect our staff to respond to you and your needs in a courteous and professional way. All of our staff are trained in aspects of customer care and are competent to deal with your specific issues so that they can deal confidently with your service requirements. Our staff should be able to deal with any problems that you encounter in using our services but we do have a complaints procedure available to you if you are not satisfied with the service that you receive.

We measure our performance against these aims through Customer Satisfaction questionnaires. We aim for 80% satisfaction with the overall quality of the services that we provide. We publish our performance against standards on the website and in reports to our committee which can be found on 'Democracy in Birmingham' on our website.

Complaints

If you are not satisfied with the quality of service that you receive from us we will attempt to resolve the difficulty but if you remain dissatisfied we have a City wide comments, complaints and compliments procedure called 'Your Views' that allows you to make any comment or complaint about our services or indeed to compliment any of our staff. You can find details of the 'Your Views' system on our website or at any public reception office. You can make your complaint to us through whichever medium is best for you. We will investigate your complaint within detailed time limits and where we have failed to provide excellent service we will apologise and take the necessary steps to rectify the situation if possible or make recompense if appropriate. (We will not investigate complaints in relation to ongoing criminal investigations that we undertake – but we will investigate once the criminal process is completed) At any time you are free to take your complaint to the ombudsman – we can provide contact details if you require them.

What we expect from our customers

- Be polite and Courteous
- Not to be abusive or aggressive towards our staff
- Comply with any reasonable request to help assist with their enquiry

Birmingham City Council Staff work on your behalf and in the interests of the community. Any acts or threats of violence or aggression will not be tolerated against our staff and any offenders will be prosecuted
