Vehicle Technician HGV/LGV

£25,694 - £32,164

Montague Street Depot, Redfern Road Depot, Perry Barr Depot and Lifford Lane Depot

Working 36.5 hours per week over four days a week

BCC are looking for HGV/LGV Vehicle Technicians to deliver high quality comprehensive repair and maintenance service.

You should be able to use diagnostic equipment and rectify faults including electronic and hydraulics on a diverse fleet of vehicles including refuse collection, road sweeper, tail lifts and minibuses.

A good understanding of MOT regulations would be advantageous as well as Health and Safety procedures.

You must hold a City in Guilds, B Tech NVQ Level 3 or equivalent in vehicle maintenance.

This job attracts a pension scheme with a generous employer contribution; options for part time work; staff discount scheme and subsidised travel passes.

Informal enquiries to Asha Kadara on 0121 303 4165.

Ref: LS4022016

Closing date: Ongoing

“Right to work in the UK documentation will be fully checked for all applicants. All non UK and non EU applicants are required to apply for a Certificate of Sponsorship from Birmingham City Council and must be approved by the UK Border Agency (UKBA) before any employment offer can be confirmed.”

“The City Council is currently consulting on potential changes to its terms and conditions (in line with its s.188 notice) which may have an impact on any contract of employment that is offered should the candidate be successful”

Job Description

Post: Mechanical Engineer  Salary/Grade: GR4
Division: Waste Management  Section: Garage, Driver Training Centre and Stores

1. **Job Purpose**

1.1 To deliver a high quality comprehensive repair and maintenance service for the FWM vehicle fleet and the wider BCC vehicle fleet where contracted to do so.

2. **Duties and Responsibilities**

2.1 To deliver a high quality vehicle maintenance service in compliance with statutory provisions, to maximise efficiency and to minimise vehicle ‘down-time’

2.2 To use ICT and diagnostic equipment to diagnose and rectify faults on a wide range of multi franchised vehicles, including hydraulic and electronic systems on all vehicles including, road sweepers, tail lifts and cranes, with minimum disruption to refuse collection, recycling, street cleansing and other associated services

2.3 To prepare vehicles to Ministry of Transport Testing Procedures to achieve maximum first time pass rates.

2.4 To have the ability to use oxygen acetylene equipment for cutting and welding, and to demonstrate the ability to carry out MIG welding.

2.5 To be responsible for possession and maintenance of expensive and complex, multi-faceted tools, plant and equipment including electronic equipment e.g. tachographs, GPS systems, computer diagnostic equipment etc.

2.6 To understand and work within all Health and Safety at Work Regulation and to undertake training on a regular basis, to ensure compliance and safe working practice, risk assessments and effective use of PPE

2.7 To ensure a sufficient supply of vehicle parts and plant on a cost effective basis.

2.8 To undertake training as necessary to maintain an appropriate level of skills and to ensure compliance with both statutory legislation, vehicle warranty and insurance cover.

2.9 To carry out any other duties commensurate with the grade
3. **Supervision Received**

3.1 Workshop Supervisor

**Level of Supervision**

Mechanical Engineers will work within established guidelines subject to scrutiny by their supervisor. They will be responsible for planning their work to ensure that defined objectives are met.

4. **Supervision Given** (excludes those who are indirectly supervised i.e. through others).
