ALC1	DNE part(1090 electors) DNF part(1178 electors) DNG (20 electors)	Polling District	Bellfield Infants School	2277	11	2,288	2	It has been suggested that Victoria School would be a more central location for the polling station. The polling district will now require 2 polling stations

ALR1	DMA all CMA part (5 electors)	Polling District	Army Cadet Centre	1123	0	1123	1	no change
ALR2	DMB all	Polling District	Hutton Hall	1847	11	1858	1	It has been suggested we use Hutton Hall instead of Saltley Methodist Church, due to lack of parking as the church is situated on the very busy Alum Rock Road, with no parking at the church. A further suggestion is to combine ALR1 and ALR2 with the station situated at the Army Cadet Centre, we have decided against this as the electors are seperated by the busy Washwood Heath Road, and have left as seperate polling districts.
ALR3	DMC part (1208 electors) DMD part (2306 electors)	Polling District	Naseby Youth & Community Centre	3514	0	3514	2	No suggested changes

ALR5	DMH all DMJ part (743 electors)	Polling District	Womens Enterprise Centre, rear of Norton Hall	2897	0	2897	2	It has been suggested that split ALR5 and ALR6 along the lines of old DMH, DMJ and DMK as this represents a more natural divide within the community. It has also been suggested that we use the Womens Enterprise Centre as this has been used successfully for all elections in 2017 as a replacement for Saltley Baptist Church Hall, which is no longer available for our use.
ALR6	DMJ part (1994 electors)	Polling District	Parkfield Primary School	1994	0	1994	1	See above
NEW ALR7	DMK all	Polling District	Shaw Hill Primary School (Nursery Building)	2031	237	2268	2	See above Whilst the electorate is over 2000, as there is a high element of new build, this is a single station but will be kept under review pending the completion of the development

BIL1HG	DEG part (792 electors)	Polling District	Baptist Church, 299 Brook Lane	792	0	792	1	As above, but a suggestion was made to move the PD boundary line to retain part of CDJ (432 electors) who were in BIL5, using Hollybank Road as a boundary line. However, this has not been implemented as it would mean electors from the one side of Hollybank Road and Chessetts Grove having to go around Billesley Common to get to the Baptist Church on Brook Lane. There is also a Nursing Home and Home Meadow Court which houses a lot of elderly electors at the south end of Hollybank Road, which is much further away from Kings Heath College Annexe. Removing the following streets from BHH2 and relocate to BHH3 - Blossom Grove, Palmers Grove and the properties on Collingbourne Avenue from Blossom Grove only (-350 electors).
