All Occupiers of residential properties
In the Austin Village Conservation Area

Dear Occupier

Austin Village Conservation Area
Article 4 (2) Direction

The enclosed Notice of Confirmation is to indicate that the Planning Committee at its meeting of 10 September 1998 formally confirmed the Article 4 (2) Direction for the Austin Village Conservation Area.

May I remind you that the alterations which are controlled by the Direction include:

1. The replacement of windows and external doors.
2. The addition of porches.
3. Roof works and loft conversions.
5. Conservatories and small extensions.
7. Painting of a house or bungalow.

You will need to apply for planning permission for any of the above if any part of the development fronts a highway, waterway or open space. The restrictions only apply to houses and bungalows and planning permission will normally be granted for alterations which preserve the character of the Conservation Area. Minor works or alterations to the rear of properties would therefore not normally require consent. If you require any more detailed advice on work you wish to carry out please do not hesitate to contact me or my colleague Nicola Coxon on the telephone number given below. Could I also take this opportunity of thanking you for your co-operation and thus ensuring the special character of the Village is maintained and indeed enhanced.

Yours sincerely

C E Hargreaves
Head of Conservation
